It is agreed that should payments to a National or State Health Plan be imposed on Management or Union in an amount greater or less than contributions required to be made to the Iron Workers Local 383 Health Care Plan, the increase in costs will be borne equally between Management and Union from the current welfare remittance and any balance of less cost shall be placed on wages or fringe benefits at the option of the Union.

In the event such National or State Health Insurance law, or any regulations issued pursuant thereto, impose any requirements or provide for any other matters not provided for by this Section, then this Agreement shall be operated for the sole and exclusive purpose of bringing this Agreement into compliance with such requirements and resolving such other matters.
